### **DETAILED ACTION**

The following restriction is based on the amended claim set filed 4/20/2006 which cancelled claims 1-17 and added claims 18-38. Since more than one amended claim set has the same filing date, please confirm in the response to this action that the particular amendment described above is the one intended to be examined.

### ***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 18-25, drawn to a floor table.

Group II, claim(s) 26-34 and 36-38 drawn to a displacing device and method for use.

Group III, claim(s) 35, drawn to a method of displacing a floor table.

2. The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: None of the above groups include the same contribution, if any, over the prior art. The table, as claimed is known in the art under Colnot (U.S. Pat. 3,450,280) and thus not a contribution over the prior art. The method of displacing a table does not contain any of the special technical features of the claimed displacing device.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the

Art Unit: 3635

requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
